

LOCAL NOTES.

The Kinau arrived this morning.

Colonel Ashford left for Maui yesterday.

Commodore Beckley reports "no news" from windward.

The S. C. Allen arrived last night, but brought no news of special interest.

Invitations are out to a dinner party to be given next week by Mr. and Mrs. W. G. Irwin.

Marshal Hitchcock left yesterday on an official trip to Hawaii and Maui.

An engagement between the People's Party and Editor Johnstone is reported.

The Captain of the "Daisy Bells," Eddy Neumann, looks now like a "business man."

Mr. and Mrs. Brenham arrived on the S. C. Allen, and were welcomed by their numerous friends in Honolulu.

Mr. E. C. Macfarlane returned on the Kinau from the Volcano, and reports Pele in full blast and the hotel in good shape.

Minister Thurston did not return today from his ardent duties at the Volcano. He will be here in time to draw his salary.

The "Protestants" ought to imitate Billy Cunningham's oysters. They shut up and get into a cocktail.

The Rio Janeiro is yet out of sight. There are prospects that she may not touch here at all, or has been quarantine at Yokohama.

Messrs. Dole, W. R. Castle and other high and mighty and great men, were admiring their own pictures in Soper's window this morning. Nobody else admires them.

C. A. Spreckels, Rudolf Spreckels, B. J. Hoffacker and Dr. Eiger left for Spreckelsville yesterday. Dr. Eiger is a prominent chamist in the employ of the Spreckels'.

Mr. Dole's constitution is now for sale at the Advertiser office. Everybody knowing anybody in any civilized country should send a copy and show what a Hawaiian "republic" is like.

Minister Willis entertained a number of gentlemen at dinner at the Hawaiian Hotel last evening. Among the guests were Admiral Walker, Mr. Wm. G. Irwin, Mr. Samuel Parker and Captain Rooke.

A commotion was created last evening on the Philadelphia on account of certain bugle calls, which emanated from the S. C. Allen as she came into port. A boat was lowered, but the regulation call proved to be a joke of some clever cornet player.

A high mass was held this morning at the Notre Dame de la Paix in memoriam of the assassinated President of France, Sadi Carnot. A very large number of people attended, among whom were noticed members of the diplomatic corps and officers from the warships.

A Good Exhibition.

Closing exercises were held this morning at Ewa school of which Mr. J. W. Smith is the principal. V. Kapule assistant. About 70 children frequent the school which as a whole compares favorable with any school in the city. The children appeared neat and attentive, and were well prepared and not easily puzzled. As a speciality the singing can be mentioned. It was very good indeed. The voices were sweet, clear and well trained, and better modulated than any church choir in Honolulu. The thorough obedience to signs proves that the teacher fully understands his business and works in harmony with the pupils. Map drawing from memory was another feature of the exercises and demanded the admiration of the audience. The school and teachers deserve a great deal of credit. The great future of Ewa with its numerous residents will make the school very prominent and the Board of Education is to be congratulated on having the services of so able a man as Mr. J. W. Smith has proved himself to be.

A Mean Joke.

Some missionary joker induced Kalua, Iosepa and Kawainui to call on Minister Willis and express their gratitude to him for having "recognized" the republic. The three boobies were courteously received, and their "gratitude" will probably be forwarded as "current events." How Mr. Willis could preserve his dignity during the interview, and refrain from laughing at the "kings who follow the Star" is beyond comprehension. The promoter of the practical joke should be punished.

A Serious Accident.

S. Ishukawa, a recently arrived Japanese, met with a serious accident, in jumping from a Nuuanu street car. Not being familiar with the modern conveyance, he jumped off backwards and fell under the wheels. His right arm was crushed and an amputation became necessary. It was performed at the Queen's Hospital where the sufferer is now, doing as well as can be expected under the circumstances.

The case against Antone Cloys for receiving stolen goods was continued in the District Court this morning till next Friday. C. W. Ashford for the prosecution and Chas. Creighton for the defense.

Two Chinamen were held up last Monday evening by two white men and robbed of \$4.50. As the robbery took place directly opposite the palace, it is not difficult to guess what kind of "hairpins" it was who perpetrated it.

Washington, June 17. The Korean Legation received a cablegram this morning direct from the royal palace at Seoul, dated today, announcing the complete suppression of the rebellion and showing the falsity of the reports from China that the King had fled to Japan and the rebels had occupied Seoul.

EDITOR HOLOMUA.

For a low spiteful lickspittled weathercock the nasty editor of the Star takes the cake. Why the fellow is mean enough to jump the Star and enter the HOLOMUA office tomorrow, for an advance of six and a quarter cents a day over his present tip. He appears to take much pleasure almost daily, in spitefully branding his superiors as boobles—while he, the daisy twinkler, is known to be the worst boodler in the country—on a small scale. He would boodle a dying royalist baby of its last drop of soothing syrup—and then break the bottle for spite. Still, he is encouraged and cuddled under the wing of the close corporation of the Central Union Church. In this day of our Lord—Puritanism, spite and hypocrisy, appear synonymous.

CHAPTER VI.

QUARANTINE LAWS.

Whereas, it has been clearly ascertained that the small pox has prevailed on board of one or more ships now cruising in the Pacific Ocean, which may be expected to visit the Sandwich Islands, and whereas that disease is understood to prevail at the present time in ports on the western coast of America, frequently visited by ships on their way to the Sandwich Islands; therefore,

Be it enacted by the Kings and Nobles of the Sandwich Islands in council assembled,

1. That after the promulgation of this law, all canoes and boats, and all persons not authorized by the Board of Health, are prohibited from visiting any foreign ships who-soever, until they shall have been examined by a Health Officer, or one of the Board of Health, as hereafter named and pronounced healthy. And whosoever shall visit any ship contrary to this law shall forfeit forty dollars, to be paid one half to the government and the other half to the person who shall give information of the same.

2. All vessels having the small pox, or any other contagious disease on board, and all vessels having had any contagious disease on board within a period less than four months, are hereby prohibited from anchorage at any port, harbor or roadstead of the Sandwich Islands, until visited by a Health Officer or by one of the Board of Health, and having received his approbation. And any master or officer of any such vessel, who shall land or permit to be landed any person or persons affected with a contagious disease or any article containing such contagion, shall, on being duly convicted thereof, be fined not more than one thousand dollars, or be imprisoned one year.

3. All vessels having had contagious diseases on board as above, on arrival at the Sandwich Islands, or at any port thereof, shall be entirely at the direction of the Board of Health, for a period not more than forty-two days. And all vessels in quarantine, or laid under restrictions as above, a yellow flag at the main top. And whosoever shall go on board any vessel thus put under the yellow flag, shall forfeit forty dollars, and shall be entirely at the direction of the Board of Health for a term not longer than forty-two days.

(To Be Continued.)
